

MQ15-X-Power female 90°left, with cable

PUR 4x1,5 bk UL/CSA+drag chain 5m

Female 90° MQ15, 4-pole without cable sleeves

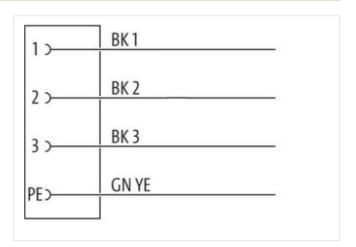

Plastic housings with good resistance against chemicals and oils.

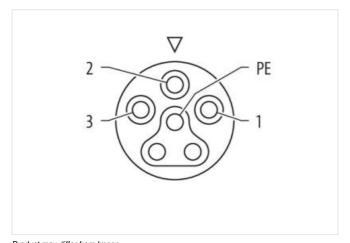

The resistance to aggressive media should be individually tested for your application. Further details on request. Further cable lengths on request.

| Environmental characteristics Climatic | , · · | |
| Operating temperature min. | -25 °C | |
| Operating temperature min. Operating temperature max. | 80 °C | |
| Additional condition temperature range | depending on cable quality | |
| Important installation notes | | |
| Note on strain relief | Protect the connectors by suitable measures from mechanical leads, a.g. by the uses of soble ties | |
| Note on bending radius | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties. Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. | |
